Overview of the year's course

Course content

Basic subjects

- Bible challenge:** Get an overview of all books in the Bible, understand the long history of salvation and broaden your basic theological knowledge. Semester 1: Bible interpretation and Old Testament. / Semester 2: New Testament and church history
- Leadership challenge:** We are all called to be leaders! The foundation for a healthy and liberating leadership is a well-formed character and a healthy identity through Jesus.
- Life challenge:** What does it mean to follow Jesus? How can we live a life in the spirit which will make our life and our environment turn upside down? We will ask these and many other questions.

Streams

- Pastors & Leaders:** In this module you'll receive training divided into three characteristics that define a successful leader:
1. You know who you are and you have learned to lead yourself
 2. You can communicate your ideas and visions with enthusiasm
 3. You have discovered the power of teamwork and challenge your co-workers
- Worship & Arts:** As a musician or singer you'll receive a diverse education to become a worshipper. Besides vital inputs (heart), your musical talent will be developed through theory and a lot of practical experience (skills). The worship leaders of ICF Zurich will invest time into your character and your talent so that you'll be able to strengthen and help develop the Music Ministry of your church in a competent and sustainable way.
